VOLUME 41

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, JULY 12, 1946

NUMBER 26

## Strong Vote Expected on School Unit

SWEDONIA, WISE CHAPEL AND DOVIE VOTE SATURDAY ON MERGER WITH HAMLIN

Dovie, Wise Chapel and Swedonia school districts will become a part of the Hamlin Independent Consolidated School District if elections slated Saturday in the regional districts and at Hamlin carry. Good turn-out of voters in the three neighboring districts is expected, while a small vote is expected in the Hamlin district.

Petitions for calling the three new district mergers were submitted to county judges of Jones and Fisher Counties on June 17, and the elections subsequently ordered.

If the mergers carry, the three will bring to a total of six neighboring districts to be brought into the Hamlin district within the past five months. Already consolidated were Carlton, Neinda and Celotex.

Districts involved in the proposed consolidation slated for Saturday are Dovie, located five miles northeast of Hamlin; Wise Chapel, seven miles southeast of Hamlin; and Swedonia, eight miles southwest of Hamlin in Fisher County.

Dovie, with an area of 11 square miles, has a property evaluation of \$134,280, and this year enumerated 37 scholastics; Wise Chapel, with an area of 19 square miles, has property valuation of \$139,710, and 69 scholastics; and Swedonia, with an area of 39 square miles, listed \$387,080 in property values and 39 scholastics. Hamlin Independent School District, with an area of 25 square miles before any consolidations, this year had \$1,950,523 in property valuations, and counted 653 scholastics.

## \$2,000 in Shop Tools Received for VA Group

Shop equipment valued at \$2,000 was this week received by Hamlin High School for use by the vocational agriculture department, according to T. C. Blankinship, instructor. Included in the equipment are hand tools and power driven lathes, saws, drills, etc.

Only classroom and field equipment had been supplied the shop previously, including terracing equipment.

About 70 boys were members of VA classes last year, divided into three divisions. Larger enrollment is expected this year in the department, when greater range of subject material can be added.

## Fixtures Going in New S. & W. Variety Store

Counters, shelves and tables in the new S. & W. Variety Store just south of the Firestone store, had been installed first of the week, and the big concern already was taking on appearance of a big city variety store.

Front show windows are the major portion of the building now unfinished.

SEEMS LIKE WHEN A CORN DOCTOR OPENS AN OFFICE HE CALLS HIMSELF A CHIROPDIST

Dimah SAYS

## FLYING WING MAY CIRCLE GLOBE NON-STOP

Not a bat-like monster from another planet, but a super-modern airplane is the Northrop Flying Wing shown above. Closest approach yet to an aeronautical

engineer's dream—a "dragless" plane—the Flying Wing is capable of non-stop flight around the world, according to its designers and builders.

## MORE COUNTY BOYS IN ARMY DIE OF NON-BATTLE CAUSES THAN KILLED IN ACTION

Fourteen Hamlin area service men in the Army were listed as dead in a release submitted last week to The Herald by the War Department at Washington. They were part of the 62 casualties numbered in the Jones County list.

No casualty lists have been issued yet by the War Department of boys serving in the Navy or Marine Corps.

Of the 14 Hamlin section men listed as dead, five were killed in action, six died of non-battle causes and deaths of three were declared under public law.

First consolidated listing of Army dead and missing in World War II—a compilation of the names of nearly 310,000 men and women who gave their lives in the nation's service—was submitted by states and counties.

For the nation, overall death and missing rate of 2.98 per cent from all causes was indicated by the listing. Of more than 10,000,000 men and women mobilized into the Army between the presidential declaration of unlimited national emergency on May 27, 1941, and the concluding date of the study, January 31, 1946, a total of 307,554 had been killed in action, died of other causes or became missing, later to be determined dead. In addition, 1,424 persons were still carried as missing on January 31, 1946, bringing the total number of names in the list to 308,978.

Of the total, 57.1 per cent, numbering 176,432, were listed as killed in action. Other casualty breakdowns showed that 25,493 (8.25 per cent) died of wounds suffered in combat; 929 (0.3 per cent) died of combat injuries; 85,219 (27.6 per cent) died other than in battle, and 19,481 (6.3 per cent) were administratively determined to have died. The missing figure of 1,424 represents 0.45 per cent of the total.

Texas casualties were listed as follows: Killed in action, 8,403; died of wounds, 1,166; died of injuries, 48; died non-battle, 4,935; finding of death, 1,135; missing, 78. Total deaths for Texas were 15,764—sixth in rank of states in casualties.

State of Texas contained 4.78 per cent of the population of the United States and possessions (excluding the Philippine Islands) in 1940 and contributed 5.00 per cent of the total number who entered the Army. Of these men and women of Texas who went to war, 2.91 per cent failed to return. This figure represents 4.72 per cent of the Army's total dead and missing.

Most unusual point in connection with the deaths listed for Jones County is that more were listed as dying of non-battle causes (sickness, homicide, accidents, etc.) than killed in action. In only four other counties in Texas was this true.

Hamlin area boys listed in the war dead were: Sergeant Dulan J. An-

dress, Staff Sergeant Willie A. Doby, Private Harold A. Garrison, Technical Sergeant Frank J. Matecha Jr., George W. Rivers Jr., killed in action; Technical Sergeant W. J. Faulkenberry, Sergeant Jack French, Private First Class J. D. Hayes, Technical Sergeant Jack Miller, Second Lieutenant William W. Nobles and Staff Sergeant William R. Wells, died non-battle; Second Lieutenant Warren Adams, Private First Class Mac Herd and Second Lieutenant Milton Y. Wilson, finding of death.

## LITTLE HOPE HELD FOR RECOVERY OF LAD HURT AT PIT

Little hope was held late Wednesday for the recovery of Aubrey Lewis Carpenter, 11-year-old son of Mr. and Mrs. L. O. Carpenter of Hamlin, who was injured Tuesday afternoon in a 20-foot fall at the Hamlin Sand & Gravel Company pits 11 miles north of Hamlin.

The lad, taken in a Barrow ambulance to the Callan Hospital at Rotan shortly after the accident, had two skull fractures. He had not regained consciousness since the fall at 11:30 o'clock Tuesday morning.

Going with his father, trucking employee of the sand and gravel concern, to the pit Tuesday morning, Aubrey Lewis was sitting on some timber at the edge of the dumping and washing vats when he accidentally fell into the vat, striking his head on the concrete floor of the vat.

Aubrey Lewis has a young brother, Jerald Don, eight years of age.

## 80 UNEMPLOYED VETERANS NUMBERED IN HAMLIN AREA BY UNEMPLOYMENT BOARD

Unemployed veterans outnumber unemployed civilian workers by approximately five to one in the Hamlin area, W. H. Donathan, district supervisor for Texas Unemployment Compensation Commission, reported to The Herald Wednesday, comparing veteran unemployment with individuals receiving civilian unemployment insurance. He said that the veterans were searching for jobs themselves and that the employment service was aiding but that churches, civic clubs and merchants' associations were needed to help solve this major reconversion problem—the re-employment of war veterans.

In the Hamlin area there are 16 unemployed civilian workers filing claims for unemployment benefits, and 80 unemployed veterans. The latter are receiving readjustment allowances under the G. I. Bill of

## Grade Work On Highway Job Finished

CALICHE BASE ON TWO ROAD STRETCHES TO BE STARTED LAST OF THIS WEEK

Dirt work on the McCaulley-to-Hamlin highway project was practically complete this week, and placing of caliche paving base was expected to get underway Saturday, according to H. G. Grimmett, superintendent for Hugh McMillan of El Paso, contractor for the job. Dirt work also was completed on the 2,037-mile stretch from Longworth southwest to Highway No. 70 (Roby to Sweetwater route).

Drainage structures had been completed on the east end of the 7,960-mile southwest of town, and caliche work was expected to be carried from this end toward McCaulley at rate of about a quarter of a mile per day, according to Grimmett. Culverts to the Celotex gyp mill also had been completed, and the 1.8-mile cut-off also was ready for the caliche base.

Caliche is being hauled from a pit south of Highway No. 180 (Anson to Roby route). Average haul to the new highway will be about 12 miles. Caliche will be wet, rolled, scraped several times, and then hot asphalt topping will be applied about September 1. Project will be completed about September 15, Grimmett estimated Wednesday.

## Twenty from Hamlin Go to Nazarene Picnic

Twenty people represented Hamlin Church of the Nazarene at a picnic July 4 at the Abilene state park when young people of the Abilene zone of Nazarene Churches convened in an annual get-together. Rev. J. T. Crawford, pastor of the Hamlin congregation, zone president, had charge of the arrangements.

One hundred and fifty members and guests from Abilene, Hamlin, Merkel, Sweetwater, Buffalo Gap, Mount Zion and Stamford attended.

From Hamlin went Mr. and Mrs. Marvin White and daughter, Ojida, Marvene, Beth and Nona, Vernon Keith, Sue and Bess Jones, Dera Lois Shearer, Odean Murphree, Lewis La Baume, Beauford Bigham, Dorothy Sneed, Rev. and Mrs. J. H. Crawford and daughter, Anne Genell.

## McCrays Go to Lions Confab at Philadelphia

Dr. J. W. McCrary, wife and two daughters, Jo Ann and Sue, left Thursday morning for Philadelphia, Pennsylvania, where the dentist will attend the annual convention of Lions International next Monday through Friday as delegate from the Hamlin Lions Club.

They McCrays will visit at Washington, D. C., Sunday. After the convention they will go on to New York City, Niagara Falls and Canada. They will return in about two weeks.

## GAME WON QUICK

First man up slugged the second ball thrown in the game for a home run and the game was iced away by the Sweetwater Independents Sunday afternoon at the Hamlin city ball park. Hamlin Independents held the little end of the 1 to 0 score at the end of a nine-inning tilt.

Outfielder Taylor of the Noian County team accounted for the circuit clout. Scattered hits were allowed by both batteries of the teams. Batteries were Miles and Ford for Hamlin, and L. Greer and Green for Sweetwater.

## TERRELL OIL TEST SPURRED THIS WEEK ON EOFF ACREAGE

T. B. Terrell interests of Abilene this week spurred in their No. 1 oil test on the W. C. Eoff farm, three and one-half miles east of Hamlin on the Hamlin-Anson highway. The well is slated to go down to the Strawn lime, approximately 3,000 feet, The Herald learns.

Sorrells test is on a 2,000 acre block of acreage acquired by the Abilene concern several weeks ago. The well is being drilled with standard rig.

Another location by Sorrells has been made on the H. W. Carter tract, six miles east of Hamlin, where an 1,800-acre block is held. This well will probably be spudded on completion of the Eoff test.

Both these tracts of land were purchased by Sorrells from the Adler Oil Company of Chicago.

Harley Sadler et al test being drilled on the J. Ubben tract, eight miles southwest of Hamlin, was expected to be completed this week. Nitro shots were to have been put in the hole Tuesday evening in effort to get production. The Herald had no report from the well Wednesday.

## Brick Work Finished on Dressing Room at Field

New dressing room project at the Pied Piper Stadium was taking shape this week as brick layers were completed the laying of brick on the walls for the structure. It is located on the east side of the baseball grandstand, and will open out on the northeast corner of the football field. Windows were to be installed this week, school authorities stated.

In addition to the dressing rooms will be an office and a store room in the 10 by 77 foot addition. The dressing rooms will open into the shower room facilities already under the grandstand.

Project is being financed by sale of \$10 interest-bearing vouchers that will be redeemed by revenue from this year's football games.

## Hamlin People Attend Stamford Show Enmass

Hamlin area people by the scores were among those present at the sixteenth annual Texas Cowboy Reunion at Stamford last week, when record crowds jammed the gates at the West Texas rodeo premier.

Jessie Myers, Hamlin sponsor in the cowgirls' sponsor contest, placed third in a field of scores of entries from cities, towns and ranches of the whole section. First place winner was Bette Smith of Abilene. Runners-up were Emma Lee Stuart of Roby, second; and Billie Lou Thompson of Snyder, fourth.

## Road to Moore Lake to Be Graveled by City

One-mile stretch of road from the Hamlin west city limits to the Moore Lake has been graded with county maintenance equipment under direction of County Commissioner G. R. Riddle, and gravel topping will be applied soon, according to F. E. Cobble, lake keeper.

Traffic to the lakes west of town has been heavy this fishing season, Cobble says, and the graveled surface would make an all-weather artery to the pleasure spots.

## Food Prices Rise as OPA Relinquishes

MILK, BREAD, MEATS, BUTTER CHIEF ITEMS TO INCREASE AS PRICE CLAMPS OFF

Prices of certain food items were reflecting the greatest upward trend of prices this week in Hamlin as the second week of listed restrictions by the Office of Price Administration neared its end. In fact, cost of foods was the major cost-of-living item affected by rises that are expected in many lines.

Practically all dry goods, furniture and hardware concerns had announced that present stocks of goods would be sold at ceiling prices or below. With receipt of new stocks, prices from manufacturers would be the determining factor in retail sales prices.

In a check-up Wednesday by a Herald representative in Hamlin food stores, these were the major increases posted:

Milk was quoted in grocery stores in Hamlin at 18 cents per quart. Old price was 15 cents per quart. Two cents of this increase was caused, dairymen said, by removal of a two-cents-per-quart subsidy which had been paid by the government.

Bread was priced at 13 cents for the pound loaf and 17 cents for the larger loaf. This was an increase of two cents per loaf during the past 10 days. OPA had permitted a one-cent increase in bread price about a month ago.

Price of pork revealed the biggest rise in food prices. Advances during the past week amounted to 15 and 20 cents per pound. One Hamlin store posted 85 cents per pound for breakfast bacon. Beef cuts were up 10 to 15 cents per pound.

Butter was bringing 85 and 90 cents per pound. Former price was about 60 to 65 cents per pound.

Advances in retail sales of major foods were affecting prices in cafes also. Most Hamlin cafes had advanced meat dishes and lunches from five to 25 cents. A few cafes were trying to maintain former prices.

## San Angelo Blacks Go On Seventh Tally Spree

San Angelo Sheep Herders put on the steam in the seventh inning and shoved across seven runs to win a baseball game with the Hamlin Invaders, colored nine, Sunday afternoon at San Angelo before a crowd of nearly 300 customers. It was the locals' third loss out of 16 games played this season.

Manager Jesse Davis of the Invaders said the score was 3 to 2 in favor of the Invaders until the seventh frame. Then two errors by the locals, two home runs and two other hits accounted for the scoring spree.

## Quartet Fish in Old Mexico.

Four would-be Isaac Waltons hied forth this week to Old Mexico to try their luck at Don Martin Lake. In the group were L. H. McBride, Willard Maberry, Frank and Jerry Waggoner. They were expected to return to Hamlin early next week.

## EASY ON CLOTHES!

Two dashing young Hamlin swains, diked out in their Sunday-best clothes, and with three girls along for company, motoring over to a neighboring town last week, blew a tire on their blue Studebaker sedan.

Not wanting to soil their best clothes, the gallant pair temporarily deserted their friends—and urged them to use their wiles on a passing motorist.

Sure enough it took only a minute for a young sucker to come along, find the girls in distress with a flat tire. The motorist fixed the flat. Then the local yokels showed up and continued their trip—with clean clothes.

Schemes of the modern youth!

# WOMEN IN THE NEWS

## McCaulley Women Exchange Apron Ideas

McCaulley Home Demonstration Club met in the home of Mrs. Frank Kemp July 3 at 3:00 o'clock, with the president in the chair.

Minutes and roll call were read by Mrs. Horace Barton, secretary. Since Mrs. Herbst, recreation leader, was absent the recreation portion of the program was not staged.

It was announced that the club family party will be held in the home of Mrs. Ray Maberry on Thursday, July 11, as a finance project. Mrs. Louis Boyd was elected assistant reporter during the business session.

Members were urged to be prepared for the hand work exhibit for the council meeting soon. Aprons were displayed and apron ideas exchanged at the July 3 meeting.

The meeting adjourned to meet with Mrs. Oliver Lee on July 17.

A delightful refreshment plate was served to Charlene Mustain, visitor, and the following members: Mmes. Omar Prather, LeRoy Prather, Mustain, Ted Abbott, Horace Barton, Fred Hemphill, Ray Maberry, C. A. McHone, Della Fancher, Viola Hendon, Ben Kemp, Glenn Henderson, Roscoe Terryman, Tom McCaslin, Frank Kemp and Louis Boyd.

## Rountree-Ellis Engagement Announced

Engagement and approaching marriage on July 19 of Billie Fay Rountree, daughter of Mr. and Mrs. W. G. Rountree of Hamlin, to Thomas L. Ellis was announced by her mother at an 11:00 o'clock breakfast Friday in her home.

Entertaining rooms were gaily decorated with colorful summer flowers and centerpieces for each of the small tables was a floating orchid dahlia in a crystal bowl. Placecards were a picture of miniature bride and groom. Small replicas of the McMurry Warwhoop marked "Extra" gave the names and date of wedding and those honoring Miss Rountree with social affairs. Miss Rountree is a recent graduate of McMurry College, Abilene, and Mr. Ellis, a returned veteran, is a student.

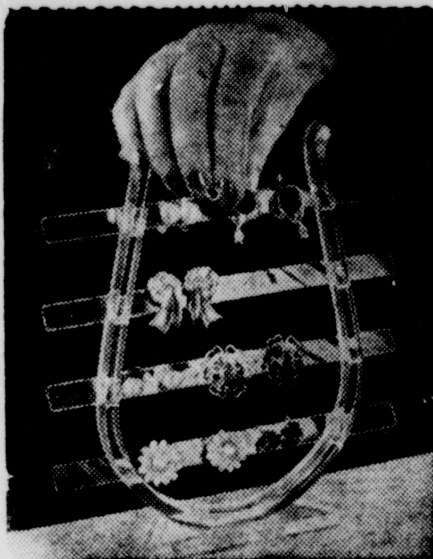

Guests were greeted by Joan Culbertson and presented to Mrs. Rountree, mother of the bride-elect, then to Miss Rountree. Mrs. Marvin Carlton, a recent bride, was also in the receiving line.

Carole Jean Beverly of Rotan presided at the bride's book, where the following guests registered: Mrs. H. Withers and Adele Strickland of Rotan, Mmes. Clinton Barrow, L. H. McBride, Willard Maberry, Joe Culbertson, Gordon Bennett, J. Kent Jones, Holly Toler, B. S. Ferguson, H. D. Bruton and W. J. Adams; and Misses Buna Rountree, Adele Dixon, Madean Maberry and Frances Gardner.

Ellis is the son of Mr. and Mrs. Harry M. Ellis of Cleveland, Tennessee.

## PLASTIC RACK NEW

A new wrinkle for milady's boudoir is the plastic rack shown above. Customers of one of New York's smart shops took such a fancy to these earring display racks that the store now sells them for home use.

## Lazy Fat Hens Make Good Meat for Canning

Culling of poultry flocks will do a large share of the grain conservation job, and these lazy fat hens you cull are very good for canning, says Hannah Nabors, Jones County home demonstration agent.

"These loafer hens have meatiness and flavor that you will not find in younger birds," Miss Nabors continues.

The following tips may prove helpful in canning the culls from your flock: Miss Nabors recommends boning before the chicken is canned. She says both glass jars and tin cans make satisfactory containers.

But when it comes to processing the chicken, the only safe method is to use the steam pressure canner. No alternate choice is recommended.

If you have never canned chicken before—or if you would like to have laboratory tested directions to follow—you will find them in Extension Service publication B-88, "Poultry: Dressing, Cooking, Marketing and Canning." Copies can be obtained from your county home demonstration agent or by writing the Extension Service, A. & M. College, College Station, Texas.

## Hamlin Folks Go to Riddle Family Reunion

Annual reunion of the Riddle family of Ovalo was held at Abilene State Park Saturday afternoon and Sunday. Descendants of the late Mr. and Mrs. J. D. Riddle of Ovalo, the late Mr. and Mrs. C. C. Riddle of Hamlin and the late Mr. and Mrs. W. A. Riddle of Valley Mills made up the family group.

Attending the reunion were Mr. and Mrs. Paul Copeland and children, A. C. and Eddie Lu of Lawn, Mr. and Mrs. Virgil Riddle and son, Doyle, Mr. and Mrs. H. L. Riddle and daughters, Catherine and Margaret, Mr. and Mrs. B. W. Riddle and son, Royce, all of Ovalo, Mr. and Mrs. H. B. Williams, Mr. and Mrs. Boles Fry and children, Judith and Robert Carroll, all of Tuscola, Mr. and Mrs. H. B. Williams Jr. and daughter, Linda Lee, of Dallas, Mr. and Mrs. C. C. Renfro, Mr. and Mrs. G. W. Renfro, Gerald Don and Raymond Renfro, Mr. and Mrs. Ralph Riddle and daughter, Charlotte, Mr. and Mrs. J. C. Riddle and Mrs. Ross Fomby of Hamlin, Mr. and Mrs. K. E. Morrison and Mrs. J. B. Terrell Jr., all of O'Donnell, Mr. and Mrs. Russell Glenn and children, Mary Kaye and Diana Dee of Levelland, Mr. and Mrs. Robert Fowler of Roswell, New Mexico, Arthur Riddle and Mr. and Mrs. Glen Riddle of Lamesa, Mr. and Mrs. J. R. Holly and children, Shelby and Shirley of Lubbock, Mr. and Mrs. W. R. Downey, Mr. and Mrs. Percy Downey and Perney Downey, all of Clifton. Visitors to the family gathering were Roy Landers of Ovalo, Patsy Fletcher of Hamlin and Joyce Jarnigan of Odessa.

### Couldn't Be a Sane Man.

A man called the lunatic asylum and asked if they were missing a male inmate. After a check-over the warden reported, "No; why do you ask?"

"Well," said the man, "someone has just run off with my wife."

## Frances Brunson and Arvan Holder Marry

Frances Brunson, daughter of Mr. and Mrs. S. S. Brunson of Slaton, and Arvan Holder, son of Mr. and Mrs. E. P. Holder of Grassland, were married Sunday, June 30, at 7:30 p. m. The marriage took place at the Grassland Baptist Church parsonage with the pastor, Rev. Lloyd Wiley, officiating.

The bride wore a white two-piece suit with black accessories. Her only attendant was Ann Allred of Slaton.

Mrs. Holder is a 1946 graduate of Slaton High School and has been employed at the City Drug Store.

Holder graduated from Wilson High School. He served for three and one-half years in the Navy, 25 months of which was spent overseas. He is now employed by the Wilson State Bank. The couple will make their home at Wilson.

An inferiority complex would be a blessing if only the right people had it.

## Saturday Wedding Shower Honors Bride

A wedding shower was given for Joyce Barnett Ford Saturday by Jo Hargrove, Nevalyn Bagwell, Verlene Stewart and Beverly Harvey in the home of Jo Hargrove.

The honoree, who became the bride of Fred Ford Thursday a week ago, received numerous gifts from the following: Lovena Kite, Elma Ree Brewer, Maudie Beene, Mozelle Barnett, Ida Frances Robinson, Phyllis Richardson, Wanda Ford, Joy Agnew, Nevalyn Bagwell, Bonnie Black, Jo Hargrove, Verlene Stewart, Nozik Hassen, Genelle Dean and Beverly Harvey.

Home-made ice cream and angel food cake were served at the conclusion of the jolly affair.

## How women and girls may get wanted relief from functional periodic pain

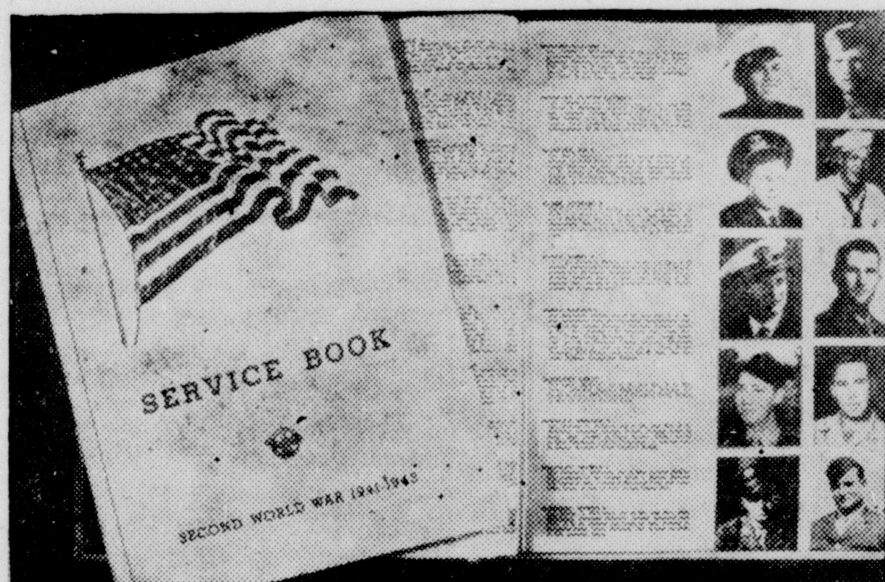

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1 Taken like a tonic, it should stimulate appetite, aid digestion,\* thus help build resistance for the "time" to come.
- 2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

**THE HAMLIN HERALD**

## COUNTY AGENT SAYS COUNTY BOUND TO HAVE HEAVY COTTON PEST INFESTATION

Every cotton farmer who had boll weevils and flea hoppers in his cotton last year can rest assured that he will have them again this year if he planted cotton.

This was the definite announcement made this week by County Agent H. C. Stanley Jr., who reports that his business in the poisoning realm has been plenty good in recent days with Jones County farmers.

According to the United States Department of Agriculture every seventh bale of cotton in the United States is lost to insects. And they tell us that there is not a cotton surplus any more. The price outlook for cotton is good.

"Are you going to beat those cotton insects to the draw with poison or are you going to let them beat you?" is the question Stanley asks Hamlin area cotton raisers in a special release to The Herald. In the release he continues:

Mistake we usually make is letting out cotton get heavily infested with boll weevils and hoppers before we ever start poisoning.

In order to beat the boll weevil, we must start poisoning at the time the squares start forming. The adult boll weevil is in the field ready to start laying eggs when the first

squares form. If you kill this first crop of weevils and then the second, you can get an early crop of cotton to "set," thus saving more expensive late season control.

As we are sure to have a heavy infestation of cotton insects this year, I am going to pass on to you the following recommendations for their control:

### For Boll Weevils

Calcium arsenate dust at the rate of five to seven pounds per acre at each application is recommended.

1.—Pre-square control: The dust should be applied just before the cotton starts squaring. It may be necessary to make a second application five days later.

2.—Control after squares are formed: Infestation counts should be made at weekly intervals after cotton begins squaring. If infestation is heavy, if the cotton is growing "rank" on rich soil, or the season rainy, five more applications may be necessary. If the infestation is light, three applications at five-day intervals should control the weevils.

### For Boll Worm

The following materials are recommended in the order of their effectiveness. Apply the dust at five-day

## NEW TILLER DELUXE

A tiller whose whirling steel claws prepare seed beds for planting in one operation is the rototiller shown above. The new machine churns under last season's stubble to feed this season's crops.

### Hash Will Do the Same Thing.

Here is another thing we have learned about money—you don't have to collect bills: They just naturally accumulate if you leave them alone.

Intervals immediately after the worms appear.

1.—Five per cent DDT dust at the rate of 15 to 20 pounds per acre.

2.—Basic copper arsenate-sulphur mixture at 12 to 15 pounds per acre.

3.—Cryolite at eight to 10 pounds per acre.

4.—Calcium arsenate at 12 to 15 pounds per acre.

DDT is more toxic to the boll worm than any other material tested to date. Apply dust immediately after the worms appear. Control is more effective when the poison is applied before the worms enter large bolls.

### Combination Controls.

When the following combinations of insects are present in injurious numbers, use these controls:

1.—Boll Weevil and Flea Hopper: Use a mixture of one-third calcium arsenate and two-thirds sulphur, at five-day intervals, at the rate of 12 to 15 pounds per acre.

2.—Boll Weevil and Boll Worm: Use heavy dosages of calcium arsenate, 12 to 15 pounds per acre, at five-day intervals.

3.—Boll Weevil and Aphid: Add nicotine to calcium arsenate at the rate of one per cent nicotine in every application or two per cent in alternate applications. Where only two or three applications of calcium arsenate are used to control boll weevils, aphids are usually not of major importance.

4.—Pink Boll Worm and Boll Weevil: Plowing under stalks as prescribed by the State Department of Agriculture regulations is an important step in controlling these pests.

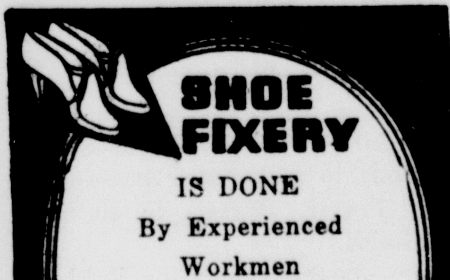

## American Legion at Stamford Sponsoring Boxing Show July 13

Boxing fans of this section will be given a seven-bout, 21-round card at the softball field near the municipal swimming pool in Stamford Saturday night, July 13, beginning at 8:00 o'clock. The Herald is asked to announce.

This 21-round marathon, promoted by the Army Recruiting Service and sponsored by the Stamford post of the American Legion, is the first of a series of boxing programs to be staged in Stamford.

Strictly amateur, these bouts will bring together some of the top-notch golden gloves boys of the state, and a bang-up glovefest is promised the cash customers.

Plenty of parking space is available, and men will be on hand to help with parking worries. There are only 300 ringside seats, however, plenty of comfortable seating will be available.

Entered at the Post Office at Hamlin, Texas, for transmission through the mails as Second Class Matter, according to an Act of Congress, March 3, 1879.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

## FINE FISHING IN OUR OWN BACK YARD

One of the big howls of the West Texas sportsman has been the absence of running streams or lakes in which the nimrod could get his fill of fishing during the angling seasons. For years hundreds of fishermen have gone to distant pleasure resorts for fishing.

Even during recent weeks, numbers of Hamlin area fishermen have traveled to the Rio Grande River, Possum Kingdom Dam, Meinda Lake, Old Mexico lakes, points in New Mexico and Colorado—just to fish.

All the time there has been good fishing right here at our back door. Three good lakes are within six miles of Hamlin. The fishing is good, too. What more could an angler want than a nine-pound bass or a 22-pound cat-fish?

"The grass is always greener in the other fellow's yard." But while we go to see the other fellow occasionally, let's not forget that the other fellow is coming here to fish in our own back yard.

## INDEPENDENCE NOT FOR INDIVIDUAL

In the mad rush of American people Thursday to celebrate the Fourth of July, we are wondering if most of us did not lose sight of why the day is celebrated—Independence Day.

Back in 1776, when this struggling little country determined to get out from under the heel of a domineering government across the Atlantic, the Declaration of Independence proclaimed freedom as a nation but also guaranteed certain "inalienable rights" to the individual. To be sure, the individual's rights were more numerous than the nation's as set forth in that historical document.

But we are drifting back into serfdom—not to another country, but to our own government, certain dictatorial organizations such as labor unions and to regulating bodies. No longer can a man operate his own business without regulations, curtailments and unnecessary taxes on his initiative and enterprise. Labor bosses tell employees and employers what they can do and cannot do.

It still is a land of the brave, all right—it takes bravery to stand up and fight for a chance to make a living—but the land of the free does not apply to our peoples.

## WE AREN'T A SMART PEOPLE

Only 13 months after the Germans were whipped into whimpering submission, things aren't going too well with the American occupation forces there. We aren't getting anywhere with our dream of keeping the Germans whipped. On the contrary.

A United Press summary of the situation quotes an American officer, veteran of both world wars, now high in the administration of the American zone of occupation.

"The feeling among the Americans in Germany is that the attitude at home is that the whipping of the Germans was enough," says this observer, unidentified. The UP article continues:

"They see the army stripped to a pale shadow of the machine that General Dwight D. Eisenhower sent hurtling from Normandy to the Elbe. They see the regulations over the Germans easing off day by day, simply because there is not enough military power in the U. S. zone to maintain the controls. And every time the Americans relax controls, the Nazi mind and reactionary elements move up by just that much. Like nature, they abhor a vacuum and advance as fast as the Americans retreat.

"Recently the denazification of certain classes was turned over to the Germans. Many of the genuine anti-Nazis now refuse to serve on boards to judge other Germans. What, they ask, would happen to them if they passed judgment under the Americans and the Americans left them stranded. It is just a rhetorical question. They know the answer. The Germans take it as one of the many signs of weakness they see in the U. S. occupation—that the Americans have given no convincing sign that they will stay and enforce their decisions."

Well, as the UP remarks, "it is a gloomy picture." But it isn't a surprising one. It has been building up for months. We have asked for it.

We don't want a third world war, any more than we wanted a first or a second. But our attitude and actions have been busily building for a third world war. We aren't a very smart people. We are too self-centered, soft-headed and ease-loving. See you at Armageddon.—Abilene Reporter-News.

## WHAT CONTEMPORARIES ARE SAYING

### SOMEWHERE ELSE

During the progress of the war the national budget quite understandably became the largest in all recorded history. But the first post-war peace-time budget, as submitted by Mr. Truman, was four times as large as the largest peace-time budget ever submitted in the pre-war years.

But every attempt to trim the budget to anything like a pre-war level is killed in its incipency. And it seems to be almost impossible to effect a reduction in expenditures anywhere. No matter where the economists of Congress undertake to apply a pruning knife there is the immediate cry, "You cannot afford to reduce this item. This is a work that is desperately needed. Cut anywhere else, but not here."

Soon after the armistice the OWI was abolished, but nearly all of the OWI personnel was merely transferred to other departments and kept on of the House is leading a fight to restore to the bill a \$23,000,000 item Interior Department appropriation bill, but a spirited drive is now underway to restore to the bill nearly every item that was deleted. The speaker of the House is leading a fight to restore to the bill a \$23,000,000 item for electrification in the Southwest.

It is going to require a real fight to dispense with any war-born agency, even though the war has ended. It is going to require a furious fight to reduce any appropriation below the level it reached during the war. Never again will the total costs of government be cut to the pre-war level. No matter what economy is proposed, the proponent is always told that economy will have to be practiced somewhere else.—The Daily Oklahoman.

The duty of man is plain and simple, and consists but of two points: His duty to God, which every man must feel; and his duty to his neighbor, to do as he would be done by.—Thomas Paine.

## COMMITTEES FOR LIONS CLUB NAMED BY NEW PRESIDENT

Appointment of committees in the Hamlin Lions Club for the ensuing year, which began July 1, were announced by new President Delma Shelburne last week. The first named member in each following group is chairman of that committee:

Attendance—Stanley Carmichael, W. T. Johnson, Claude Lancaster.

Constitution and By-Laws—G. R. Bennett, Holly Toler, H. A. Johnston.

Convention—Haskell Carter, Jim H. King, W. L. Boyd Jr.

Finance—W. A. Cassle, John D. Ferguson, Lovell Stell.

Lions Education—Joe W. McCrary, Reagan M. Myers, Everett Townley.

Membership—Claude Lancaster, Onis Crawford, C. E. Gregory.

Program—W. C. Russell, W. H. Burnett, W. L. Boyd Sr.

Publicity—Willard Jones, chairman; G. R. Bennett, bulletin editor; L. H. McBride, W. C. Russell.

Boys and Girls—Art Carmichael, LaFoy Patterson, John H. Osteen.

Citizenship and Patriotism—Charles N. Prater, Burrell G. Bunkley, Fred Smith.

Civic Improvement—Fred B. Moore Jr., Henry Albritton.

Community Betterment—Teddy E. Russell, W. L. Boyd Jr.

Education—Howard McLaughlin, Herbert Bernshausen.

Health and Welfare—Dr. A. G. Collins, John F. Green.

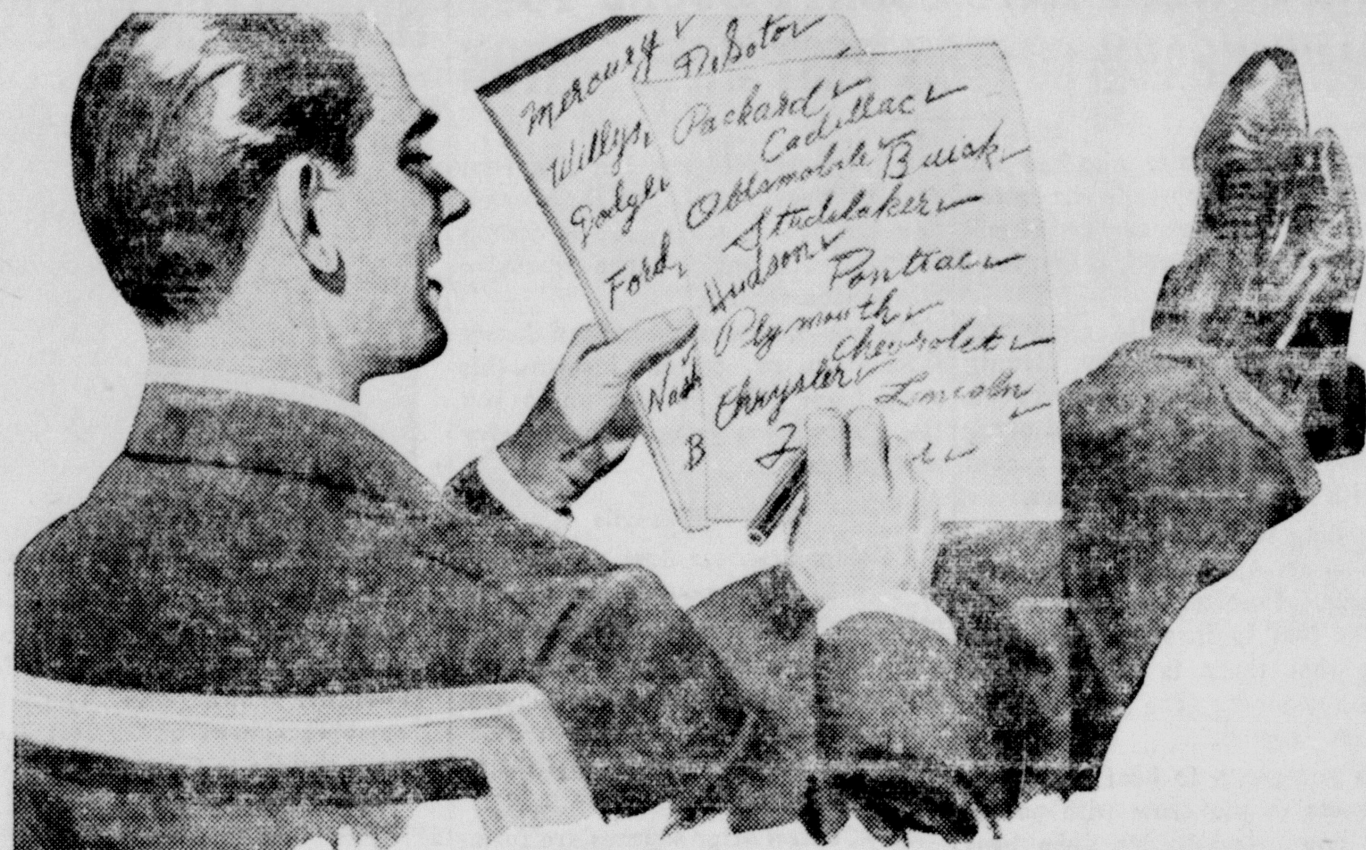

Safety—John Howard Jr., Adrian Marshall.

Sight Conservation and Blind—A. Spencer, Holly Toler, H. A. Johnston, Howard McLaughlin.

## GIVE NATURE A LIFT

Present-day living often imposes un-natural burdens on your system. Nature does not always provide necessary elimination. Irritated bladder, swollen ankles, aching back frequently result. Then is the time to use CIT-ROS and assist nature in providing a correct balance of pH. (Natural body fluids). Quick relief! CIT-ROS \$1.00, is for sale by:

CITY DRUG STORE, Hamlin

Those you can get with an **OIL-PLATED** engine

**CONOCO**  
**N<sup>th</sup>**  
MOTOR OIL  
**OIL-PLATES**  
**YOUR ENGINE**

Breathes there an American who isn't checking on cars? Chief question is, "What's different for '46?" An OIL-PLATED engine brings you this swell difference: it will escape lots of carbon and sludge by escaping lots of wear. That special type of wear-defense—internal OIL-PLATING—will likewise favor your oil and gasoline mileage.

You can have an OIL-PLATED engine in any car—in the newest or oldest—just simply by making sure to use Conoco N<sup>th</sup> motor oil; that's all.

The difference in Conoco N<sup>th</sup> oil—patented—is its added ingredient that OIL-PLATES. This is done in a magnet-like manner—by making metals attract and hold lubricant. And that's what puts inner engine surfaces under cover of OIL-PLATING. It stands in wear's way; acts to prolong that new car feeling. . . . And it will act to prolong any older car's usefulness. So if that's your particular problem, change now to Conoco N<sup>th</sup> oil—at Your Mileage Merchant's Conoco station. Continental Oil Company

# Terrell Foods Changes Ownership This Week

BUT THERE'LL BE NO CHANGE IN THE POLICY OF THE POPULAR FOOD FIRM IN PROVIDING PLENTY OF

**FOODS FOR APPETIZING MEALS**

After some three years in the U. S. Army, I am back in the grocery business. I have had about 10 years' experience—most of that time in Floydada with the Piggly Wiggly Grocery Company. After careful consideration and planning I chose to come to Hamlin to enter business.

I am proud of my new store. I know it had a good reputation, which one can tell by the following it had. I hope to continue in the same manner that Mr. Terrell did. I plan to use all the same help and do my best to operate the way you would want your food store operated.

You will always find our Prices in line and our Merchandise of the Highest Quality that can be bought. Signed—Edgar E. Duncan.

## PLAINVIEW LEAGUE GIVES SCHEDULE OF SOFTBALL GAMES

Four nights a week of softball play was not enough for the baseball minded mind folks of the Plainview community, so leaders of the movement have made it six nights a week most of the time lately.

An eight-team softball league has been consuming four nights a week in the Plainview Softball League, but outside teams have been coming in for games the other two nights. Two games are slated Saturday night at the lighted field, 12 miles southeast of Hamlin, when Plainview meets McCaulley and Neinda plays Merkel.

Both men's and women's teams are playing in the regular league, the two teams playing the same night.

Following is schedule of the remainder of the season, as released this week to The Herald:

July 11, Plainview vs. Hitson; July 12, Neinda vs. Tuxedo.

July 15, Dovie vs. Hitson; July 16, Tuxedo vs. Corinth; July 18, Plainview vs. Ericksdahl; July 19, Neinda vs. Wise Chapel.

July 22, Tuxedo vs. Plainview; July 23, Corinth vs. Hitson; July 25, Neinda vs. Ericksdahl; July 26, Dovie vs. Wise Chapel.

August 5, Plainview vs. Wise Chapel; August 6, Ericksdahl vs. Tuxedo; August 8, Neinda vs. Hitson; August 9, Corinth vs. Dovie.

August 12, Wise Chapel vs. Ericksdahl; August 13, Neinda vs. Dovie; August 15, Hitson vs. Tuxedo; August 16, Plainview vs. Corinth.

August 19, Plainview vs. Neinda; August 20, Ericksdahl vs. Corinth; August 22, Tuxedo vs. Dovie; August 23, Wise Chapel vs. Hitson.

### It Was Her Choosing.

"Winter draws on," said the Harvard man as he tucked Muriel into an old-fashioned New England sleigh.

"Is that any of your business?" asked Muriel coldly.

### Two for Price of One.

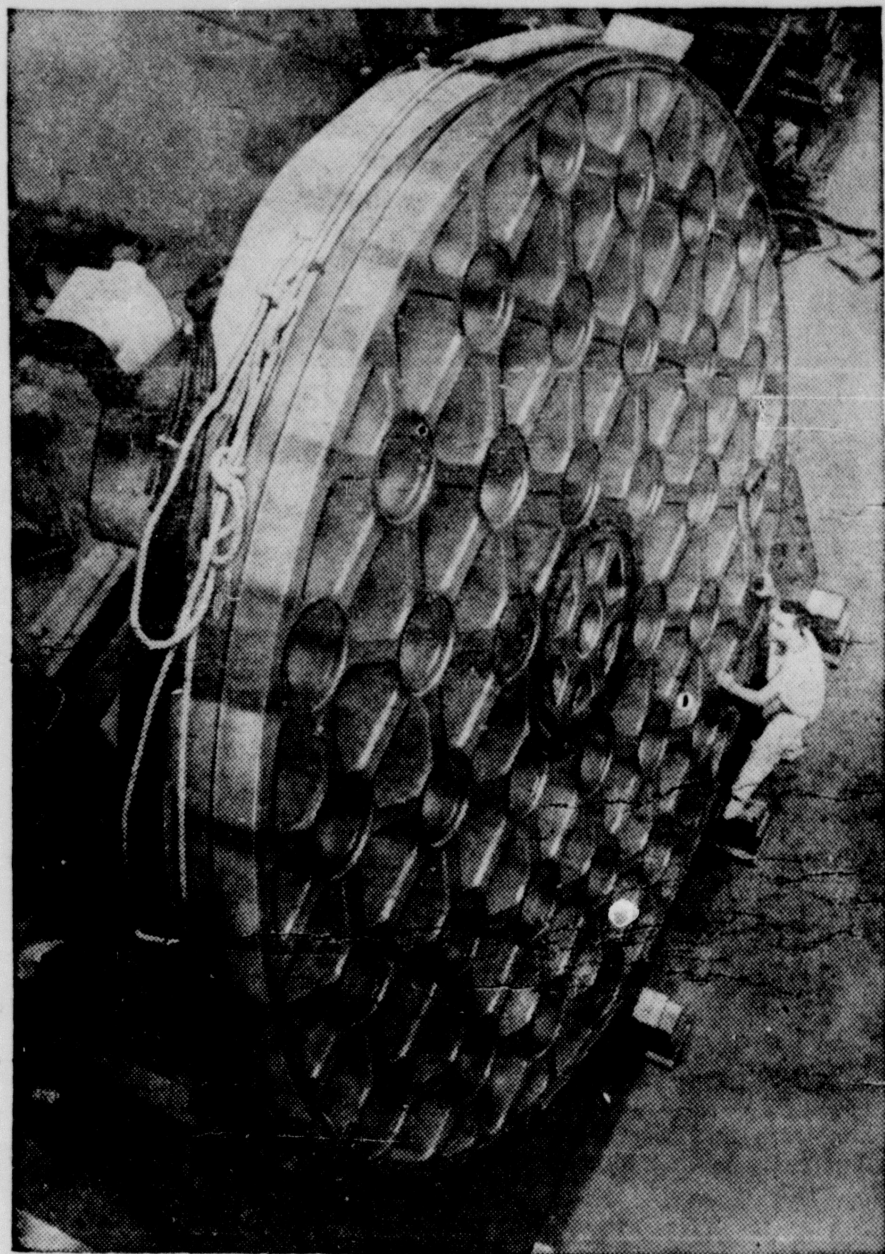

If any man seeks for greatness, let him forget greatness and ask for truth, and he will find both.—Horace Mann.

## Asphalt Topping Goes On Sylvester Highway

Asphalt topping was being applied by the Texas Highway Department maintenance crews to the eight-mile stretch of farm-to-market Highway No. 57 from the Santa Fe overpass south of McCaulley to Longworth.

This stretch will be part of the new highway project from Hamlin and McCaulley, through Sylvester, to connect with the Roby-Sweetwater highway. Hugh McMillan has contract for the Longworth to Highway 70 route.

Little did we realize when they started making dollar bills smaller that ours would disappear altogether.

## Snyder Rodeo Boosted By Visitors to Hamlin

Group of boosters from Snyder were in Hamlin last Friday posting advertising material for the forthcoming Scurry County Rodeo, to be staged at Snyder next week-end, July 17, 18, 19 and 20. Night performances only will be given at the rodeo grounds in Northeast Snyder.

Prizes of \$3,500 in 10 events have been posted by the rodeo management. Community sponsor contests will be featured.

### That's What Prosperity Will Do.

The boss discovered he had left his pocket knife at home. He tried to borrow one from his staff, but each man said he either did not have a knife or had failed to bring it to the office with him. It was finally Jimmy, the office boy, who supplied the missing article.

Admirably the boss exclaimed, "How is it, Jimmy, that you alone out of the entire staff seem to have a pocket knife on you?"

"Dunno, sir," was the matter-of-fact reply, "unless it's because my wages are so low I can't afford more than one pair of pants." He got a raise.

### He Knew His Money.

The teacher was testing the knowledge of the kindergarten class. Slapping a half dollar on the desk, she said sharply, "What is that?" Instantly a voice from the back row, "Tails."

## NEXT STEP TOWARD HOSPITAL WILL BE LETTING CONTRACT

Next step in the progress of event in connection with Hamlin Memorial Hospital will be the letting of the construction contract, officials of hospital association announced this week. Architects are preparing blue prints now to show what is to be built, amount and kind of materials to be used, how put together, etc.

Officials point out that architects must have time to present definite specifications and requirements.

"Perhaps some people interested in actual beginning of construction of the Hamlin Memorial Hospital building will want to read something each week in The Herald," hospital officials say, "but of you do not see something, remember there cannot be new news every week. Just remember that the hospital building is to be built—and perhaps sooner than you expect."

"Nothing further can be announced or done until contract is let for the building. All funds are ready and all legal papers are closed and recorded. The block of land for the hospital has been surveyed by County Surveyor Arnett, and iron stakes have been driven at each of the four corners.

Phone 241 and tell us your news.

## ALLAN SHIVERS CITES PLATFORM

Senator Allan Shivers' platform for lieutenant governor briefly includes: Real assistance to Texas war veterans, increased salaries for teachers, a first class university for the colored, better highways and farm-to-market roads, redistricting, full payment of old age pension, reorganization of the Legislature with 60-day sessions each year, an expanded public health program, reorganization of the pardon and parole system, equal responsibility from both labor and management, economy in state government.

### A Toiletary Reason.

Asked why he was going to marry a glamour girl from the city instead of some woman his own age, Grandpappy Humpdick opined: "I'd a heap rather smell perfume than liniment!"

### For Commissioner, Precinct No. 2:

E. C. WALDROP

D. I. (IKE) WEST

## Extend OPA Upward Not Down, Miles Asks

Stmaford, July 9.—Ted Miles, ex-GI had business man campaigning for election to Congress from the 17th Texas District, today urged the public to call on its present congressmen for an upward extension of OPA.

Evidence of the last week has shown that retailers and other small business men are ready and willing to hold the line, he said, whereas manufacturers and big corporations are already beginning to raise their prices.

Miles declared that a downward extension, which would affect only small business, is not only unnecessary but would be harmful and costly to administer. However, he warned that reasonable curbs on heavy industry and all monopolies should be retained in order to assure the welfare of the people in the national economy. (Pol. adv.)

### It's Mighty Permanent Though.

## Claud Chastain Puts Hat in Representative District 115 Running

Claud H. Chastain this week announced his candidacy for the office of State Representative. His formal statement follows:

Dear Friends: I am announcing my candidacy for state representative from District 115, which includes Jones and Shackelford Counties. In the event that I am elected, I can assure you that I will have someone capable and qualified to take my place while I am gone.

My qualifications, honesty and integrity you all know, but I will repeat for the few who have not known me for many, many years.

I was born and reared at Hamlin and graduated from the Hamlin High School. I am qualified to take the state bar examination, having completed the American School of Law course in law, and served my two years' apprenticeship in the practice of law under my father, Attorney Claud P. Chastain.

I am a graduate and licensed pharmacist, having owned and operated drug stores in Texas, New Mexico, Colorado and Missouri, and am a graduate licensed and practicing physician and surgeon in the state of Texas.

I attended Randolph College, Southern Methodist University, Texas Technological College and Northeast Missouri State Teachers College. I am married and have one son. I am a member of the Methodist Church, Lions Club and am city health officer and local Santa Fe surgeon.

As I am compelled to take part

## E. E. DUNCAN BUYS TERRELL FOODS IN SALE MADE MONDAY

Announcement was made Monday of the purchase of Terrell Foods by E. E. Duncan of Haskell. The new man assumed charge of the business immediately.

Mr. and Mrs. J. B. Terrell, longtime citizens of Hamlin, had owned and operated the grocery and market for 11 years. The store is located on the west side of Central Avenue, across the street from the Ferguson Theater.

Mr. and Mrs. Terrell plan to take a rest for some weeks. Mr. Terrell has recently been in impaired health.

Duncan, who served more than two years in the Army, spent 19 months overseas with an infantry division. He was seriously wounded while serving in the European theater of operations, and spent several months in hospital in France and England. His wife and son, Jerry, will move to Hamlin as soon as housing can be secured.

### She Has Ingenuity Nowadays.

The modern little Red Riding Hood is one who can meet the wolf at the door and come out with a fur coat.

time off, due to my health, I think the diversion from the profession which I am now engaged in to law will be restful and stimulating, and I assure you that I will do all in my power to represent the people in my district to the best of my ability.

Very truly yours—Claud H. Chastain.

## New Pressure Utensils Should Be Used with Caution, Says Agent

New pressure sauce pans, cookers and canners coming on the market are proving very popular in their time- and work-saving qualities. But the National Safety Council cautions housewives, through Hannah Nabors, Jones County home demonstration agent, that any kind of a pressure vessel is a very definite hazard if not controlled properly.

There are many makes and models of pressure cookers. All of them operate on the same general physical principles, but vary in details of operation. Here are some suggestions from the council to help you get the proper results from your pressure cooker and to use it safely:

First, follow the manufacturer's directions exactly. A "trial run" using only water would help familiarize you with each step of the operation.

Keep all openings to pressure valves, vents and to pressure gauges clean at all times, using a small wire or pipe cleaner instead of a toothpick or match stick that might break off.

Know how each part of your cooker works. If a part is lost or damaged, order replacements supplied by the manufacturer.

Use exactly the amount of water and food recommended in the directions. Overloading a sauce pan may cause the vent to become stopped up with food particles.

Adjust and lock the cover securely as directed by the manufacturer.

Wait until the pressure is at zero and until the excess steam has been released before unlocking the cover.

## New Sugar Ration Being Used for Canning Fruit

Housewives of the Hamlin vicinity were making use this week of the new sugar ration made possible with validation last week of rationing stamp No. 10, a spare, designated for use in purchase of canning sugar effective as of July 1.

Ration stamp No. 49 is now valid and will continue to be used for purchase of table sugar through August 31, it was announced, while spare stamp No. 9 had already been designated for buying sugar for canning purposes, and, like stamp No. 10, will be good through October 31. Each stamp is good for purchase of five pounds of sugar.

1884 — Sixty-Two Years in Jones County — 1946

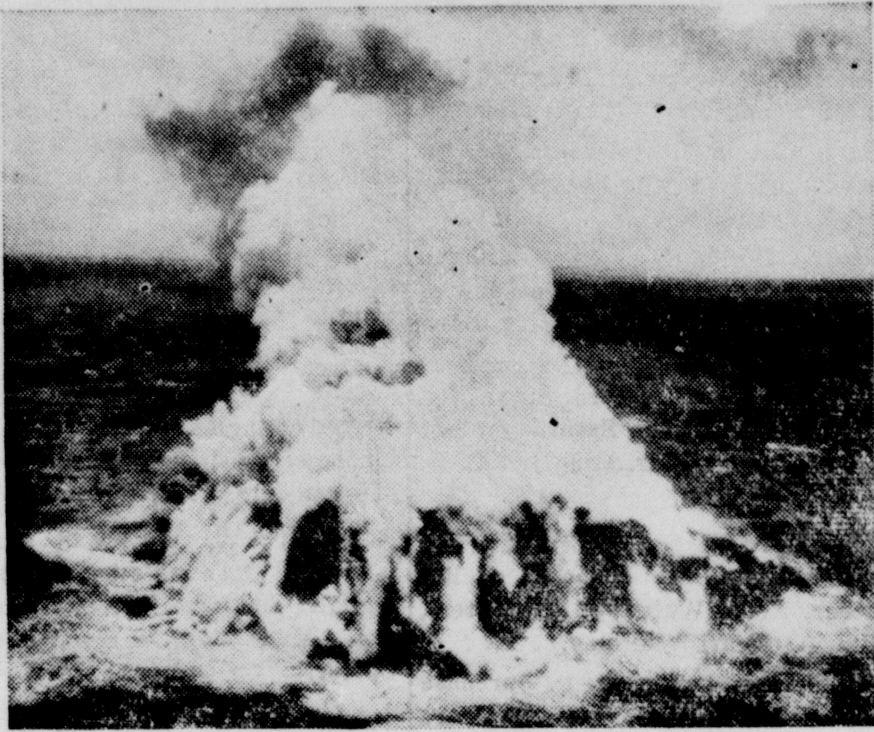

## BRICK WORK BEGINS ON NEW GRAMMAR SCHOOL THIS WEEK

With pouring of beams on the east frontage of the new \$125,000 elementary school building in North-west Hamlin middle of the week, the project was slated to be ready for actual shape taking when brick layers start up with the east wall, according to a representative of T. E. Shelburne & Son, contractors for the building. Brick work was slated to start by Friday, it was stated.

Running of concrete beams was started Tuesday morning, after a delay of several days awaiting arrival of heavy steel for the footings. Several tons of steel will be required for the footings of the building, and this vital product is being supplied as needed by the jobber.

About three-fourths of the brick being reclaimed from the old school building razed on the site has been cleaned. The brick is being utilized in the new structure, and will be stuccoed on the outside and plastered on the inside.

## BIRTH OF AN ISLAND SNAPPED BY FLYER

No fit place for man or beast because it is still a hot spot reeking with sulphurous fumes and belching forth clouds of steam and smoke is the brand new island shown above. Located in

the Pacific 200 miles south of Honshu, main Japanese island, this volcanic formation has attained a rise of 50 feet since it first appeared in February, and was snapped by a U. S. flier.

### Grayson County Votes Dry.

In further trends toward prohibition over Texas, Grayson County voters last week turned down an issue to legalize the sale of beer. Unofficial returns gave the dries a majority of more than 1,000 out of 13,000 votes.

### Wish I May—Wish I Might.

Many of us spend half our time wishing for things we could have if we didn't spend half our time just wishing.

## MAN MAKES WORLD LIONS GROUP TOLD BY JUDGE MAUZEY

"Man makes the world what it is today—not the elements," declared District Judge A. S. Mauzey of Sweetwater, when he spoke Tuesday noon at the luncheon meeting of the Hamlin Lions Club at the Morgan Hotel. "The atomic bomb is perfectly safe without man; an airplane can carry medicine and other supplies to help cure and save lives or it can destroy lives," the speaker continued. "Men who survive battles of war do not survive all its injuries."

"Lions Clubs are different from most other civic groups in that they are composed of men full of energy and enthusiasm, who have no time to gripe and grumble. They get out and put cheer and optimism into their community."

He reminded his hearers that there are too many people going about telling what is wrong with the world. "More of us," he said, "need to look for what's right with the world. We need to be constructive and not destructive in our remarks."

Mauzey was introduced by R. E. Gracey of Roscoe, district governor of District 2-E, who was a guest, as were E. E. Duncan and Don Smith of Sweetwater.

### He'd Get It Sooner or Later.

A little boy was very sick, but he refused to take the medicine the doctor had left.

At last his mother began to cry. "Oh, my boy will die," she sobbed. "Don't cry, mother," comforted the boy. "Father'll be home soon and he will make me take it."

## McCAULLEY HOLDS LEAD IN LEAGUE AS FIRST HALF FADES

Those softball playing fellows over at McCaulley just don't know how to lose. With play in the Hamlin Softball League Monday and Tuesday nights they made it six games in a row in as many starts. So the Fisher County boys had no trouble holding the league lead—since all the other eight teams had lost at least one game. The Jaycees trailed with an average of .833 with a single loss.

Results since last week's report in The Herald included these scores:

Thursday night—Jaycees 16, Celotex 5; Flat Top 13, Yellowjackets 6. Friday—Oilers 6, Fire Boys 4; Celotex 10, VFW 8.

Monday—Oilers 9, VFW 9 (tie); McCaulley 25, Yellowjackets 4.

Tuesday—Jaycees 16, Flat Top 6; Radium 9, Oilers 8.

Standings through Tuesday night's games looked like this:

Team—	P.	W.	L.	Pct.
McCaulley	6	6	0	1.000
Jaycees	6	5	1	.833
VFW	6	3	2	.600
Oilers	6	3	2	.600
Celotex	6	3	3	.500
Flat Top	6	2	4	.333
Radium	6	4	2	.667
Fire Boys	5	1	4	.200
Yellowjackets	6	0	6	.000

### A Big Help for Present.

"Hey!" shouted the passing motorist, "your house is on fire!"

"Ah knows it, stranger," nodded the mountaineer.

"Then why aren't you doing something about it?"

"Ah am," he answered. "Ah'm prayin' fo' rain."

## GOOD EATS

And

COURTEOUS  
SERVICE!

After so long a time we are finally getting around to announcing that Bob Dutton has taken charge of the Wagon Wheel Cafe. He invites all of his friends to drop around. Old customers as well as new ones are always welcome.

## Wagon Wheel Cafe

Bob Dutton, Manager

Telephone 9512

If telephone service is  
slower...here's why!

We're taking emergency steps to bring telephone service to people who are waiting.

We're adding more telephones to switchboards already heavily loaded—more telephones than the switchboards were ever intended to handle. This may slow up telephone service here at the busiest times of the day.

In normal times we wouldn't even consider such action. But many people are waiting for service. And new equipment is hard to get and takes considerable time to make and install. The size of the job staggers imagination. Telephone equipment is needed everywhere in large volume.

That's why it is necessary to load the present switchboards to the very limit.

SOUTHWESTERN BELL  
TELEPHONE CO.

As fast as we can in the face of material shortages we're pushing our construction program. Our first goal is to serve everybody who is waiting. Then we'll restore service to prewar standards as quickly as we can. It will cost a good deal. This year we plan to spend 47 million dollars in the five states we serve.

Sometimes you may not hear  
"Number, please?" promptly

With switchboards here heavily loaded, the operator may not always be able to answer your signal as promptly as she and you would like. This may be true especially during the busy calling hours, in midmorning and early evening.

If you do not hear the operator's "Number, please?" for a few seconds after you lift your receiver, we hope you'll understand why. She will answer just as soon as she can.

# Terrells Are Grateful For Your Friendship!

Monday of this week we sold the Terrell Foods to E. E. Duncan of Haskell, an ex-service man, who has assumed active charge of the business. Mr. Duncan comes to Hamlin highly recommended for his business ability, and we heartily commend him to people of this territory. Mr. Duncan will continue to operate the store, and we believe he can give you better service than we have been able to in the recent past because of ill health.

As we leave the business field of Hamlin, after 11 years in the Terrell Foods, we are not unmindful of the wonderful patronage given us. We shall not forget all the kind and pleasant business dealings we have had with you. Words fail us when we endeavor to express our gratitude, so here is our most fervent THANK YOU, FRIENDS!

We plan to continue to make our home among our friends here. We plan to take some much needed rest. We hope to continue to greet our friends on the streets and in the business houses of Hamlin.

YOUR FRIENDS,

Mr. and Mrs. J. B. Terrell

## HAMLIN REGION FARMERS URGED TO INVEST IN SAVING BONDS, NOT GET-RICH SCHEMES

With financial reserves of farmers and ranchers of the Hamlin section at new all-time highs, successful financiers are urging them, through releases to The Herald, to put their money into savings bonds and not in get-rich-quick schemes.

The past four years of war and the first few years of peace together give American farmers a chance to make themselves financially secure. They have never before had a chance to compare with this one.

Farmers did a good job for the nation during the war of producing essential food and fiber. By getting their debts into shape and building financial reserves, they did a good job for themselves. Now comes the critical time.

If the farmer dissipates his war-time earnings by putting his savings into high-priced or inflated land that he does not need to round out an efficient farm operating unit; if he invests in enterprises outside the farm field whose workings he does not understand or if he listens to the siren song of the promoters of unsound speculative ventures or get-rich-quick schemes, he will likely find himself worse off than he was before the war.

Slickers are going around in many states, persuading farmers to cash in their bonds and put the money into sure-thing stock schemes, imaginary gold mines and other bonanza bunco schemes. Some farmers fall for the swindles.

Selling farm land at inflated prices is perfectly legal, but buying it can have the same effect as a get-rich-quick scheme. This is not the time to invest in land unless it can be bought at a reasonable price. On

March 1 of this year farm land prices in the U. S. were 42 per cent above the average of 1912-14 and 71 per cent above the 1935-39 level. In some states the average rise was even higher.

Nor is this the time for farm families to plunge heavily into debt or over-expand their credit, either long-term or short-term. Debts should be held at a conservative level, for a period of readjustment of prices certainly lies ahead. Whatever goes up must come down—at least most of the way down.

Farmers should build and keep on financial reserves to insure themselves against such set-backs as flood and drought, loss of earnings due to accident, sickness and especially a fall in farm prices. Keeping present reserves in war bonds and adding to them with U. S. savings bonds will help insure that a farm family can maintain its present standard of living when the economic shoe begins to pinch again. Savings in bonds will provide for education of children, funds for retirement and old age security.

The Series E savings bonds sell, as did the war bonds, at 75 cents on the dollar of maturity value and mature in 10 years, paying four dollars for each three invested. They are particularly good for laying away funds for the future. In case of necessity, after 60 days, you can always get your money out plus interest after the first year. More than \$1,000,000 Americans today hold more than \$30,000,000,000 in E bonds.

### Work Started on New Road.

Work was started last week on the new farm-to-market highway east of Stamford to the Ericksdahl community. The contractor for the paving job sent a crew of workmen to Stamford Monday, who started the work on the 12-mile stretch.

The way some fellows act after drinking they must have swallowed rubbing alcohol.

## CHAMBERS RUNNING

Farmers of Texas need roads to get them out of the mud, they need better medical care, they need greater assistance in carrying on their fight against the pink bollworm and other pests, and they need additional assistance in conserving soil and other natural resources, W. R. (Bill) Chambers, Brown County candidate for Texas commissioner of agriculture, said this week.

### Watch What You Say.

A salesman we know named Bill called on a prospect the other day who was so deaf he had to carry on most of the conversation by writing. The old boy kinda took the wind out of Bill's sails, judging by what we could find out:

Bill—"Sorry you're so hard of hearing. How long have you been that way?"

Prospect—"Thirty years."

Bill—"Ever do anything about it?"

Prospect—"Yep, the doctor said to quit drinking so much."

Bill—"Did it help?"

Prospect—"Yep, I quit drinking and got so I could hear anything."

Bill (with his neck way out)—"How come you're deaf again?"

Prospect—"I liked what I was drinking so much better than what I was hearing."

### Feet Were Hanging Out.

Visitor—"Sonny, what's the noise upstairs?"

Sonny—"Ma's draggin' pa's pants across the floor."

Visitor—"That shouldn't make that much noise."

Sonny—"I know, but pa's in 'em."

## BITS OF NEWS ABOUT FOLKS YOU KNOW

Dr. and Mrs. A. G. Collins were in Albany Tuesday on business.

Madean Maberry of Borger is visiting Mr. and Mrs. Willard Maberry.

Mrs. Harold J. Nelson underwent major surgery at the Stamford Hospital Saturday morning, June 29.

Harry Bowen Hinkle of Midland is here spending several weeks with his grandparents, Mr. and Mrs. Bowen Pope.

Mr. and Mrs. Leaford Stone and son, Sperland, spent Saturday night with his parents, Mr. and Mrs. C. B. Stone, at Hamlin.

Mrs. Byrd W. Creekmore of Houston is visiting in the home of her brother, R. S. Whiteley, and sisters, Allie and Pearl Whiteley.

In Chicago this week to purchase furniture for the Barrow Furniture Company is Bob Barrow of Hamlin. He is expected to return next week.

Mrs. W. R. Roberts and daughter and husband, Mr. and Mrs. Carl Sipes of Kingman, Arizona, visited with Mrs. J. V. Milsap Sunday in Hamlin.

Mr. and Mrs. Robert Fowler have returned home after a visit with their parents, Mr. and Mrs. G. R. Riddle and Dr. and Mrs. P. A. Fowler.

Mr. and Mrs. J. B. Terrell Jr. of O'Donnell have been visiting their parents, Mr. and Mrs. J. B. Terrell Sr. and Mr. and Mrs. G. R. Riddle for the past week.

Mr. and Mrs. J. F. Hightower of Fort Worth and Mr. and Mrs. J. R. Collins of Throckmorton visited in the home of Dr. and Mrs. A. G. Collins last week-end.

Mr. and Mrs. C. B. Stone and daughter and Mr. and Mrs. Leaford Stone and son visited their parents and grandparents, Mr. and Mrs. J. W. Stone, at Rule Sunday.

Mrs. Willard Jones, son, June, and daughter, Annetta Jeanne, have been in Decatur several days visiting their mother and grandmother. June recently received his discharge from the Navy after two years in the service, part of which time was spent in the Pacific.

Mr. and Mrs. J. H. Willhite and children, Kay and Bobbie, of Harlingen stopped over for a short visit with their mother, Mrs. L. S. Magee, before returning home from a trip to Colorado Springs, Colorado. Mrs. Milton Smith and daughter, Sandra, accompanied them on the trip.

Elbert L. Harris of Dallas spent a few days visiting his father, R. L. Harris, and other relatives here.

Mrs. H. B. Parks of Paducah has been visiting relatives, R. L. Harris and Mr. and Mrs. J. I. Steed and family.

Bill and Bobby Frank, sons of Mr. and Mrs. Mickey McGuire, are visiting with relatives and friends at Hooks, near Texarkana.

Mrs. Dawson W. Dixon and son, Terrell Douglas, of Shawnee, Oklahoma, are visiting with her parents, Mr. and Mrs. C. E. Watson.

Mrs. C. W. Wall and daughter, Helen, of Greenville have been visiting Mr. and Mrs. W. S. Carter and son. Mrs. Wall is a sister of Mr. Carter.

Sammy Lane Carter, daughter of Rev. and Mrs. Jack Carter, has been visiting the past week in the home of her uncle and aunt, Mr. and Mrs. W. S. Carter, at Hamlin.

Mrs. W. C. Moore is in Hendrick Memorial Hospital at Abilene for a major operation. Her daughter, Shirley Moore of Fort Worth, was with her first of the week.

Rev. and Mrs. Jack A. Carter, evangelists of Bethany, Oklahoma, who recently conducted a revival in Hamlin, has been visiting in the home of his brother, W. S. Carter, and family.

Mr. and Mrs. A. D. Barry and daughter, Betty Jane, moved last week to Colorado City. Barry has been connected with the Shell Pipe Line Company here since December. Mrs. Barry will teach in the Colorado City Public Schools.

Mrs. J. D. Richardson of Sundown is visiting with her mother, Mrs. Lola Harbert.

Mr. and Mrs. Harry W. Pitzer of Chickasha, Oklahoma, have been here for several days visiting with relatives.

Mrs. H. O. Cassle Jr. and son this week went to Sweetwater to join their husband and father, who is employed in the Nolan County capital.

Mrs. Duffield Smith and Duffield Jr. spent the week-end with Mrs. Smith's parents, Mr. and Mrs. H. O. Cassle. Wade Smith, who has been visiting for three weeks in the Cassle home, returned with them to their home in Dallas.

### Expecting Dies of Shock.

Policeman—"How did you knock him down?"

Motorist—"I didn't. I pulled up to let him go across the street and he fainted."

He—"Would you marry a sap just for his money?"

She—"Are you gathering statistics or proposing?"

## Olin Culberson

Chairman of the Texas  
Railroad Commission,  
candidate for a second  
term as

## RAILROAD COMMISSIONER

Bases his candidacy on his record of economical administration, his hard fight to conserve the Texas natural gas supply and his consistent drive for the removal of the freight rate discrimination against Texas farmers, fruit and vegetable growers, ranchers and other producers.

"I have carried out my pledges to follow the 'open door' policy of honesty and friendliness in the Commission's Austin office, have abolished 'favoritism' in Railroad Commission oil and gas regulation, truck, bus, rail and utility matters and have vigorously fought every attempt of federal control of oil and gas in Texas," said Mr. Culberson in his first re-election announcement.

"But the fight to make of the Texas Railroad Commission what Jim Hogg conceived it should be when he battled the 'special interests' to create the Commission has just started. Governor Hogg saw it as guardian of the people's rights and the public wealth. Olin Culberson sees the Commission's duty in that same light today. The economic structure of our state is founded largely on our great oil industry and our natural resources must not be squandered now but must be conserved for the welfare of future generations as well as for the benefit of the present. The oil, gas and transportation industries are safe in the experienced hands of Olin Culberson. One of the prime projects of my first term has been to stop the waste of gas. I have also worked to check the heedless and unrestricted exportation of our natural gas into states having cheap coal. I am most proud of my record on the score," said Culberson.

Culberson's greatest single achievement was his steadfast refusal to agree in 1941 to put into effect at once a 6 per cent increase on railroad freight rates on intrastate business ordered by the Interstate Commerce Commission. All 47 other states did put the increase into effect, costing their people plenty by doing so. A year passed, during which time Culberson still argued and delayed the installation of the 6 per cent hike in freight rates in Texas, and then the Interstate Commerce Commission suspended its order. The saving to Texas shippers was approximately \$5,000,000, proving that courage on the part of a public official pays great dividends when that official is devoted to the public welfare and is not afraid of political consequences when he fights for the people.

Chairman Culberson, nearing 60 and a veteran of World War I, was born in Coryell County. As a young man he worked in the Katy Railroad yard at Hillsboro as a switchman. He is truly the first railroad man to ever be elected Railroad Commissioner. He served Hill County both as County Clerk and then as County Judge before moving to Edna, Jackson County, in 1928 and engaging in the mercantile business and farming. Olin Culberson is a member of the Presbyterian Church, Lions Club, American Legion and is secretary of the Texas Volunteer Firemen with organizations in 515 towns, which membership is composed almost in its entirety of veterans of World War I or World War II.

## Who Is Bryan Bradbury?

Bryan Bradbury is a candidate for Congress. For those of you who are not acquainted with him, his friends invite your attention to the following:

Bryan Bradbury was born in Brown County, Texas, in 1912.

He was reared in a country newspaper shop and worked in the harvest fields. He graduated from the Abilene High School, but was financially unable to attend college at that time. He worked in a print shop during the day and studied law at night. He was admitted to the practice of law in 1934.

In 1934 he was elected to the Texas Legislature and served three terms. During this time he was a member of several important committees and chairman of one. He advocated legislation to aid the rural schools, child welfare, rural libraries, old age pensions, and other bills for the benefit of the people. He was the leader in the fight to abolish discrimination in freight rates which will ultimately mean a large saving to the farmers and ranchers of the Southwest.

As time permitted he attended McMurry College, Hardin-Simmons University, and the University of Texas.

He served more than two years in the Navy.

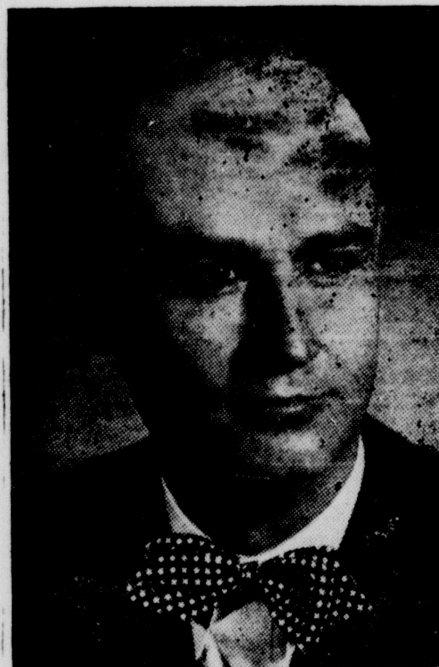

He is married and has one child.

He is an active member of the church and several civic organizations and has contributed much to his community.

The friends of Bryan Bradbury recommend him highly. He has always had to work hard for everything he has accomplished and we believe that in this great land of ours you will want to help this man as he tries to climb higher.

**Friends of BRYAN BRADBURY**  
Candidate for Congress

## COUNTY BAPTISTS TO MEET TUESDAY AT HODGES CHURCH

Hodges Baptist Church, 12 miles south of Anson, will be host to the monthly meeting of the Jones County Baptist Association, which convenes Tuesday morning at 10:00 o'clock. Rev. John H. Osteen, pastor of the Hamlin First Baptist Church, will head a delegation of local Baptists who will attend the conference.

"What Baptists Believe" will be the theme of the gathering. Complete program follows:

10:00 a. m.—Song and devotional, W. H. Cook.

10:20 a. m.—"What Baptists Believe About Salvation," Rev. H. M. Chambers of Anson.

10:40 a. m.—"What Baptists Believe About the Security of the Believer," Dr. C. A. Powell of Rule.

11:00 a. m.—"What Baptists Believe About the Church," Rev. Melvin Byrd.

11:20 a. m.—Announcements and special music.

11:30 a. m.—Sermon, Rev. Leo E. Davis of Tuxedo.

12:00 m.—Noon. Lunch.

1:00 p. m.—Board meetings.

2:00 p. m.—"What Baptists Believe About Civic Righteousness," Rev. C. E. Dick of McCaulley.

### Don't Let Them Run Away.

A cute little number approached the floor walker in the store.

"Do you have notions on this floor?" she wanted to know.

"We do, we certainly do. But we suppress them during business hours."

## MANY SAVINGS BY COTTON INSULATION

The photo above shows a standard refrigerator car being rebuilt to use cotton insulation in sides of the car. Flame-proof cotton results in saving of more

than a ton of dead weight and improved insulating efficiency of the car surfaces an average of 35 per cent, according to a report of the National Cotton Council.

## SOFTBALL LEAGUE GIVES SECOND HALF GAMES SCHEDULE

Schedule of games for the second half of the Hamlin Softball League was released this week by officials of the Junior Chamber of Commerce, sponsoring organization. First half of the schedule will be completed Tuesday evening of next week.

All but one game of the first half had been played Tuesday. Several games rained out or otherwise hindered had been played on Saturday nights since start of the league play.

Complete schedule for the second half follows:

Thursday, July 18—Veterans of Foreign Wars vs. Fire Boys; Radium vs. McCaulley.

Friday, July 19—Yellowjackets vs. Jaycees; Celotex vs. Oilers.

Monday, July 22—VFW vs. Yellowjackets; Radium vs. Flat Top.

Tuesday, July 23—Oilers vs. McCaulley; Jaycees vs. Fire Boys.

Thursday, July 25—Oilers vs. Yellowjackets; Flat Top vs. Celotex.

Friday, July 26—Jaycees vs. Radium; FW vs. McCaulley.

Monday, July 29—McCaulley vs. Celotex; Fire Boys vs. Flat Top.

Tuesday, July 30—Radium vs. Fire Boys; Jaycees vs. VFW.

Thursday, August 1—Oilers vs. Flat Top; Celotex vs. Yellowjackets.

Friday, August 2—VFW vs. Radium; Fire Boys vs. McCaulley.

Monday, August 5—Yellowjackets vs. Flat Top; Celotex vs. Jaycees.

Tuesday, August 6—VFW vs. Celotex; Oilers vs. Fire Boys.

Thursday, August 8—VFW vs. Oilers; McCaulley vs. Yellowjackets.

Friday, August 9—Jaycees vs. Flat Top; Oilers vs. Radium.

Monday, August 12—Fire Boys vs. Yellowjackets; VFW vs. Flat Top.

Tuesday, August 13—Radium vs. Celotex; McCaulley vs. Jaycees.

Thursday, August 15—Jaycees vs. Oilers; McCaulley vs. Flat Top.

Friday, August 16—Radium vs. Yellowjackets; Celotex vs. Fire Boys.

Shaghnassy plan play-off by the first four teams in the season standing will be started on Monday, August 19. Teams will play for best two out of three matched games. Winners will meet for the championship, and losers will meet for third and fourth places.

### How Else Could It Be?

She was being shown through the railroad shops. "And here," said her guide, "we have the locomotive boiler."

"But why do they boil locomotives?" she asked.

"To keep the engine tender, madam," he replied.

### All of Us Felt That Way.

Elsie—"Mother, I don't feel very well."

Mother—"That's too bad. Where do you feel worst?"

Elsie—"In school."

## PURCHASE OF NEW BONDS BY HAMLIN CITIZENSHIP GOOD

Purchases by Hamlin area people of savings bonds during the first peace-time promotion by the U. S. treasury is reported good, according to local sales organizations.

With the drive only three weeks old, Texans have invested almost one-fifth of their \$33,000,000 quota in Series E bonds, with total sales of \$9,206,266 at that date.

In encouraging the citizens of Texas to increase their purchases of savings bonds during the present promotion, Nathan Adams, chairman of the Texas advisory committee on savings bonds, said: "A bad case of inflation would be a national catastrophe, affecting each and every one of us. It would distort every economic value, private and public. Investing in savings bonds will go a long way toward averting inflation. We must invest our savings and take as few of our dollars as possible to market until production shall match demand."

## Veteran Service Officer Makes Hamlin Fridays

Veterans with problems about their service records, benefits under the GI Bill of Rights or other information in connection with their service may bring their problems to the city hall each Friday, where W. M. Nix, Jones County service officer, is giving assistance and advice to the vets.

Nix maintains his permanent office in Stamford, where he may be contacted on other days of the week.

## \$1.00 CALVES

Would you give \$1.00 to save that calf sick with Scours or Diarrhea? **Durham's Combination Treatment** is a Veterinary Prescription which combines a new sulfa powder with an intestinal astringent liquid. ### FOOD FOR THOUGHT—

Basically, most of us are loyal to our own town when we stop to think. We like our town, and we boost it every chance we have.

Take any Hamlin business man, for example: If he depended on Abilene or Sweetwater for a living he would soon close his business or office. When the loyal Hamlin citizen stops to think he or she will insist on Hamlin-baked bread!

Above all, the makers of Burgess Fine Bread have maintained persistently the **HIGH QUALITY** of this famous fine-tasting, even-textured loaf . . . to make it earn its way into the tastes of everyone who has used it.

Fine ingredients, properly blended, aged, then baked by experienced bakers in a modern plant are your assurance of satisfaction when you buy Burgess Fine Bread.

## 10-DAY OLD TIME CAMP MEETING TO BE HELD AT WILSON

Urging people of Jones County to get back to the old paths of the old-time gospel, announcement was made this week of an old-fashioned camp meeting to be held near the Wiley Bennett home, mile and a half east of the Wilson school house, 11 miles east of Anson. The series of services, slated to begin Friday, July 19, and continuing through Sunday, July 28, will be under direction of Rev. Sam J. King, veteran Nazarene minister of Stamford.

People of the entire section are invited to attend the camp meeting, going and camping at the site, where plenty of good water is available.

Services will be conducted each evening, 8:30 o'clock. Old-time singings will be conducted each Sunday, with a picnic lunch scheduled for the final day, Sunday, July 28.

Predicating the meeting on the scripture from Jeremiah 6:16: "Ask for the old paths, where is the good way, and walk therein; and ye shall find rest for your souls," Rev. King announces that some of the old-time preachers of several denominations will be at the meeting to preach, among them Rev. L. K. Malone, pioneer Methodist minister, Bro. and Sister Cagle, veteran Nazarenes, one or two old-time Baptist preachers.

### Worthy Undertaking.

A friend of ours says: "If ever we get ambitious and start out to break a record, it will be the one our neighbor plays about 11:00 p. m."

## SETS CAMP MEETING

Sponsor for a 10-day camp meeting at the Wiley Bennett place, 11 miles east of Anson near the Wilson school house is Rev. Sam J. King, veteran Nazarene minister of Stamford, above, who announces the old-time gospel services will begin Friday, July 19, and continue through Sunday, July 28.

## Thompson Resigns from Service in Cotton Post

John C. Thompson, secretary of the Texas Cotton Ginners Association for 16 years, has resigned and moved to his Jones County home south of Hamlin. He plans to re-enter the ginning field, according to announcement appearing in The Dallas Morning News recently.

Before going to Dallas as executive secretary of Texas Cotton Ginners in 1930, Thompson operated gins in South Texas. He served as a member of the board of directors of the National Cotton Council Committee on Foreign Trade and later as president of the organization.

### Something Wasn't Fitting.

Veteran—"Pull yourself together, old man. Don't you know you are wearing Uncle Sam's uniform?"

Draftee—"Say, that must be it. I know it wasn't made for me."

## Tile Work on New Jay Building Near Finish

Practically all the tile work on the new Jay Implement Company, located just east of the highway intersection on Central Avenue, was complete this week when The Herald went to press. Workmen were preparing to raise the steel roof supports, which have been on the ground for several weeks.

Structure, to be about 60 by 100 feet, will have almost a solid glass front facing north on the Stamford-Hamlin highway. Many windows on the east side will afford additional light for the display rooms and shop.

Sign on ship in Pacific: "I've given the best years of my wife to the U. S. Navy."

### To Cure Insomnia.

"I don't count sheep when I have insomnia," said the office grouch one morning. "I count people. People bore me more than sheep do."

Then there was the fellow who asked for a raise because three other companies were after him. He neglected to state that they were the gas, light and water companies.

### Such an Accommodating Boss.

Employee—"May I have the afternoon off to go shopping with my wife?"

Boss—"No."

Employee—"Thanks very much."

The honeymoon is really over when the wife starts complaining about the noise that hubby makes in getting breakfast.

# STYLE CLEANERS

## A NEW BUSINESS ESTABLISHMENT FOR A PROGRESSIVE HAMLIN COMMUNITY!

After several weeks of renovating, painting and building, we have about completed our new Cleaning and Pressing Shop, located a block and a half west of the Bank, which will be ready for operation next Monday.

With the most modern equipment made now installed and ready for business, we are prepared to give the people of the Hamlin area complete cleaning and pressing service.

Operators of the shop, Mr. and Mrs. John R. Howell, are being assisted by Joe Nelson, all of whom are experienced in the profession, and they are competent to render their patrons quality work and good service.

## CLEANING PRESSING ALTERATIONS

As we enter business in Hamlin we do so with the promise to our customers that they will be served efficiently and courteously with first class workmanship. We will be thoroughly appreciative of your business. We want to meet the people of the community, and invite you to come around to our shop and give us opportunity to make ourselves acquainted.

We hope to be good citizens of the community, and will take an active part in the civic and community affairs.

**REMEMBER: IT'S SMART TO STAY IN STYLE**

**PHONE  
20**

And we shall be glad to give you information about your cleaning work, information on special jobs of any kind.

## Mrs. Brodie BALANCES the Budget!

"You have to be a trained seal to balance a budget these days!" complains Mrs. Brodie.

"Everything costs so much! Take clothing—when you can get it," says Mrs. Brodie, "and look at the price tags! And food—that's simply skyrocketed! House furnishings—if you can find a house to furnish—are way up!"

"But not electricity!" says Mrs. Brodie. "No, indeed!" says Mrs. Brodie.

### "Electricity

has been

coming down

steadily

for years!"

"Electricity," says Mrs. Brodie, "is just about the easiest thing in my budget to balance!"

If you have a budget to balance—and who hasn't?—you'll appreciate that the low cost of electricity is no accident. It took plenty of practical planning and experience on the part of the folks in this company who—like Mrs. Brodie—have budgets to balance, too.

## NEWS NOTES FROM SYLVESTER

MRS. J. M. MONTGOMERY, Correspondent

Mrs. R. S. Worthy and daughter of Dallas spent several days with her mother, Mrs. H. B. Ward.

Mr. and Mrs. Hubert Deer and daughters and Mrs. Stella Kiser and children left Wednesday for their home in California after a short visit here with relatives.

Peggy Ann Combest is visiting her sister, Mrs. Vernon Tapp, at Jacksonville.

Bryan Combest is home from the Army with his mother, Mrs. M. M. Combest. He has just returned from the European theater.

Mrs. Dub Bearden of Hawley has been visiting her parents, Mr. and Mrs. W. L. Kelly.

Mr. and Mrs. Cameron Short and daughter, Eunell, of Abilene and Mr.

and Mrs. Ancil Hendricks of Roscoe have been week-end visitors in the E. L. Brewer home. Mrs. Short and Mrs. Hendricks are the twin daughters of the Brewers.

Mrs. Clarence Clark is at Abilene at the bedside of her niece, who has undergone major surgery at an Abilene hospital.

Sergeant and Mrs. Morris E. Roquemore of El Paso spent the Fourth here with relatives.

Several from Sylvester took in the rodeo at Stamford on the Fourth. Others attended the boat races at Sweetwater Lake.

Mr. and Mrs. Woodford Pursley and daughter, Frances, of Monahans have been visiting in the Pursley and E. C. Smith homes over the

## Attendance at Plasterco Revival Meeting Grows

Attendance at services in the revival meeting being conducted at the Plasterco Baptist Church is growing, according to denomination leaders of the Celotex community. Messages are being delivered at 10:30 a. m. and 8:00 p. m. by Rev. W. T. Priddy, pastor of East Side Baptist Church of Haskell.

Services will continue through Sunday, July 14, to which the public is invited.

week-end. Other visitors in the A. W. Pursley home have been Mr. and Mrs. Jack Pursley and Mack of Sweetwater, Mr. and Mrs. Wayne Pursley and children of Roby and Eldon Pursley of Abilene.

Mr. and Mrs. Phil Murphrey of Lubbock were week-end visitors in the A. F. Dozier home. Mrs. Murphrey is the former Cleith Dozier.

Mrs. H. B. Ward and daughter, Mrs. Worthy, went to Big Lake Saturday to visit in the home of Mr. and Mrs. M. G. Hastings.

Mrs. Jack Stone and sons returned Sunday from Sweetwater, where they had visited several days with relatives.

Mr. and Mrs. J. M. Montgomery and Willard and Mr. and Mrs. W. K. Alford spent Thursday with Mr. and Mrs. A. D. Hollis at Sweetwater.

E. C. Smith returned to the Roscoe Hospital Sunday, where he was slated to undergo surgery Monday on his right arm which was injured two weeks ago in a fall.

Mr. and Mrs. Albert Maberry and children of Austin are here visiting the J. P. Maberrys and other relatives.

W. O. Swindall and Scott returned Monday from Granbury, where they visited relatives.

A visitor this week in the Swindall home has been First Lieutenant Daniel F. Swindall of the U. S. Air Corps. He served on a B-29 bomber in the Pacific, making 36 trips over Tokyo. He is on his way to the East Coast and expects to be sent to Japan soon.

Sonny Maberry, son of Mr. and Mrs. Marvin Maberry, is visiting his grandparents and other relatives here. Mrs. Maberry, the former Della Gray, is expected home for a visit this week-end.

The Methodist revival begins Wednesday evening. Everyone is invited to attend. Rev. A. B. Armstrong will conduct the revival, with services twice daily. Bro. Armstrong has just completed a revival at Newman.

The sub-district meet of the Youth Fellowship is to be held Tuesday evening at the Methodist Church.

Visitors Sunday from Aspermont were Mrs. Kathryn Polk and Dorothy Goodrum. Lana Kay Polk, who has been visiting her grandparents, Mr. and Mrs. J. W. Turner, returned home with them.

Mrs. J. A. Edwards and Mrs. E. C. Kiser shopped in Hamlin Monday.

## DANGER OF POISON IN DRAZING WILTED GREEN FEED CITED

Farmers and ranchers in drouth areas lose cattle every year from grazing green forage crops which have retarded the growth or stopped growth and are in a wilted condition, according to County Agent H. C. Stanley Jr., who this week urges Hamlin section stock raisers to be cautious when turning cattle in to graze sorghum grain, stubble regrowth, Johnson grass and sudan grass during drouthy conditions.

This poisoning is due to a change in the plant producing an acid which is poison to the animals and this rarely takes place under favorable growing conditions.

Contrary to some opinions, there are ways to safeguard against heavy losses. When dry forage or hay is available the stock should be fed this dry forage and water before turning on green fields. Another practice is to turn in only a small number of head and observe them to determine poisoning. If these few show no ill effects after a check, then the remainder may be turned in.

As a further precaution sodium thiosulphate should be kept on hand just in case of poisoning, using one ounce in a pint of water as a drench which will save a large per cent from death. A good home remedy not far

## Budget Hearing for City Scheduled for Tuesday

Notice of public hearing on the financial budget for the City of Hamlin for the fiscal year beginning May 1, 1946, and continuing through April 31, 1946, was given this week by Mayor Holly Toler. The hearing will be next Tuesday at the city hall.

Tentative expenditures and receipts for the year are to be shown in the proposed budget. A meeting of the City Council, open to the public, will be held Tuesday evening.

## What Did He Expect?

More Screen Area  
= CAPACITY PLUS!

## See the New NO. 22 HAMMERMILL

Better-Built...

Better-Engineered... by

What features do you look for in a hammermill? Chances are you want every design improvement that means more capacity... faster grinding at lower power costs. And that's exactly what you'll get when the new Massey-Harris No. 22 takes over your grinding jobs! Screens are longer... extend beyond the center line of the main shaft. Result? More screen area... greater capacity! Oversize blower and large feed collector are other important capacity-plus features. Cylinder and blower operate on main shaft... free-running, on ball bearings. Changing screens takes but a few seconds. Look over the new No. 22 Mill for every feature you want! It will cut grinding costs on your farm.

SEE-US FOR FULL DETAILS

44 HAMMERTIPS  
REVERSIBLE 4 WAYS

Free-running and fast-working, 44 hammertips pack a powerful wallop. Each hammertip is reversible to 4 positions for more years of new mill performance... better grinding efficiency.

# POT-SHOTS FROM MCCAULLEY

BY GEO DARDEN

Mr. and Mrs. Archie Estus and daughter of Dallas visited last week in the home of her parents, Mr. and Mrs. John Dean.

The summer Methodist revival will begin under the tabernacle in McCaulley on July 21. Rev. A. B. Armstrong, pastor of the Sylvester Methodist Church, will do the preaching. Everybody is urged to attend.

Mr. and Mrs. Albert Galloway had business in Stamford last Monday.

Mrs. J. W. Rush and daughter, Jerry, have returned to their home after a week's visit with relatives at Rochester. They have reopened the McCaulley Cafe.

Ina Pearl Wishert has returned from a three-week visit at Coleman.

Velma Lou Boyd is visiting Iris Gregg at Lamesa for two weeks.

Jo Ann Hendon is in Seminole for a visit in the home of her sister, Mrs. Joe Graham, and family.

Mr. and Mrs. George Martin went to Fort Worth last week. Mrs. Martin will undergo treatment at the Fort Worth Methodist Hospital.

Mr. and Mrs. J. W. Woods of Sweetwater spent last Sunday in the home of his mother, Mrs. Laura Woods.

Rev. C. E. Dick was thrilled beyond words last Sunday when members of the McCaulley Baptist Church presented him with furniture for his study.

Jay Ruth Hendon and wife of Rotan were Sunday visitors in the home of his mother, Mrs. Lee Hendon.

Friends will be anxious to know that Frankie Sue Madden, little daughter of Mr. and Mrs. H. W. Madden, successfully underwent major surgery in an Abilene hospital last week.

Remember, folks, it's only a few more days until we go to the polls

## H. O. CASSLE

Real Estate, Loans and Rentals.

Office Over Bank

HAMLIN, TEXAS

and elect our next public officials. July 27 is the day. Try not to forget. It is the duty of every good citizen to turn out and vote for the best interests of his country. Study your man before you vote. Don't take the "don't care attitude"—your children and their children may be deeply affected by your vote. If we are not interested, and contented to remain in the same old rut, then our country would be better off if we hibernated like bears.

Terrific heat, clear skies and dry weather are making crops in this vicinity look pretty sick. Visiting from Fort Worth over the holidays were Mr. and Mrs. Ellis Eivens and children. A lot of the folks of this community attended the rodeo at Stamford on the Fourth. Was it hot? And how! Good show and plenty of folks. Mrs. J. A. Jackson has returned to her home after a two-week visit with relatives and friends at Dallas.

The installation of officers for the coming year at McCaulley Lodge No. 830, A. F. & A. M. was held at the regular monthly meeting last Friday night. Officers installed were: Waldo Cox, worshipful master; Rufus Herbst, senior warden; J. A. Miller Jr., junior warden; Levi McCollum, treasurer; Melvin Hunter, secretary; G. W. Martin, tiler; Walter Dever, chaplain; Melvin Courtney, senior deacon; Bob Beard, junior deacon; George Darden, senior steward; and E. S. Williams, junior steward. Several members of the Hamlin lodge were present, as was Orvis Hunter of Dallas.

Visiting in the home of Melvin and Ruth Hunter last week were Mr. and Mrs. Raymond Morgan and Orvis Hunter of Dallas.

Mr. and Mrs. Doyle Berry and children of Mineral Wells visited over the holidays with his parents, Mr. and Mrs. W. D. Berry.

Mike O'Daniel, truly a son of his father, evicts returned soldier and his family from his apartment house in Dallas when the ex-service man protests a raise in rent from \$70 to \$100. The eviction caused 25 veterans to march in protest in front of Mike's apartment house. Remember Pappy did the same thing in Washington. What representation we do have in our nation's capitol!

Several citizens of this community heard Dr. Homer Rainey speak Tuesday night on the federal lawn at Abilene in behalf of his candidacy for governor.

Comment No. 1—The most popular spot at the Stamford Cowboy Reunion grounds was Gib Sandefer's "fellowship tent" with the hug barrel of ice water available for all who thirst—and that meant everybody. People by the thousands drank from Gib's barrel, petted the beautiful little Shetland ponies and played with the bronc riding money. And the beauty part of it all—the barrel never ran dry, even though the soda pop stands sold out in no time.

Gib has pitched his "fellowship tent" not only in Stamford but in India, Burma and China. He has seen with his own eyes people starving by the thousands in far-away countries. He sincerely believes in government being run from the hearts of men and not from the head. His hospitality didn't start when he entered politics. We have known the boy since he wore "three cornered pants" and he has always been that way. He loves people and people love Gib.

We need more men in our government who love men more than the almighty dollar. Gib Sandefer does not want to go to Congress because of a congressman's salary—he doesn't need the job. In fact, Gib Sandefer can get plenty of jobs that pay more than a congressman's salary, but Gib is the kind of fellow who yearns to do something for the folks he loves, for his country and West Texas.

We humbly admit that there is plenty of good material in the race for Congress from the 17th District

of Texas, and the writer has no crow to pick with either of the other seven candidates. Some of them we know personally, the others we know to have good records as public officials and as good citizens—but we know no man who has the welfare of the people at heart more than Gib Sandefer. He sincerely believes in the brotherhood of man. He practices what he preaches. We honestly believe that Gib will discharge his duties as congressman from Texas in such a way that we will all be proud.—A Darden-O-Gram.

Here Comes the Bride!

JULY has swung around again, and this month the June brides by the thousands will start housekeeping—if they can find a house to keep.

In days soon to come, light housekeeping will be even lighter with electrical servants ready to wash and iron, clean and cook at the flip of a switch. And some day there will be many new electric aids—air conditioners, food freezers, electric blankets, television sets, and all the wonders of the era of electric living which lies ahead.

The electric service which powers these time-saving and labor-saving appliances will continue to be inexpensive, friendly, dependable—ready around the clock and calendar—just as it has been in the past.
